

# Psalm 51

## Introduction Question

As Christians, we know God is able and willing to forgive, when and why do we find this hard to believe?

## Discussion Questions

How does the language of verses 1 to 5 help us to better understand how God views our sin?

How does the imagery in verses 6 to 8 help us to appreciate and understand God's grace?

How would we describe these ideas of sin and grace to our friend or colleague at work, school or university?

How should we respond to this passage? How can we use this psalm to encourage one another when we are struggling with sin?

Take some time to pray.
